NAACP URGES THE U.S. HOUSE OF REPRESENTATIVES TO PASS LEGISLATION MAKING WASHINGTON, DC A STATE
HISTORIC HEARING HELD 9-19-2019 SUPPORTS MAKING D.C. THE 51ST STATE

THE ISSUE:
Despite the fact that they pay federal taxes, serve on juries and defend our Nation in times of war like most other Americans, the residents of the District of Columbia are barred from having voting representation on the floor of the U.S. House or Senate. This classic example of “taxation without representation” is contrary to everything that this nation is founded on. This means that over 700,000 people, almost half of whom are African American (with Caucasians making up about 45% of the population), are paying money to and dying for a government in which they have no say.

D.C. pays more in total federal taxes than 22 states, and it pays more per capita than any state in the nation. D.C. currently has a larger population than two states, and the population is bigger than all states but Oklahoma at the time they were admitted to the union. The city’s budget is currently about $15.5 billion, and it has balanced its budget 24 times in the last 24 years. The city already performs duties that most state do: it operates its own schools, it manages state Medicaid programs, and it receives federal block grants. Like states, D.C. issues drivers licenses, license plates, and birth and death certificates. It regulates banks and insurance companies, operates a state-based Affordable Care Act marketplace, and enforces environmental regulations. For the purposes of thousands of federal laws, D.C. acts as a state.

Furthermore, Congress is consistently interfering with D.C. laws; dictating what the city can and cannot do and how it may spend its own money. Often times Congress acts in direct opposition to the will of the residents of D.C., as expressed in referendum and through the electoral process.

To begin to correct this gross injustice, Delegate Eleanor Holmes Norton (DC) has introduced H.R. 51, the Washington, D.C. Admission Act in the U.S. House of Representatives and the in the U.S. Senate, Senator Tom Carper (DE) has introduced identical legislation, S. 631. These bills will make the District of Columbia the 51st state in the Union. On September 19, 2019, the House Committee on Oversight and Government Reform held a hearing on H.R. 51, at which several witnesses made strong arguments in support of making D.C. the 51st State.

The NAACP strongly supports full representation for all the residents of the District of Columbia by making the city a state, and we have consistently opposed efforts by some members of Congress to impose their legislative priorities or programs on the residents of D.C. The democratically elected government of the District of Columbia should decide what is best on local issues, and we need to make it clear that the residents of the District of Columbia should not be used as test subjects for questionable programs.

RE: STRONG SUPPORT FOR D.C. STATEHOOD, SUPPORT FOR H.R. 51 AND S. 631

Dear Senator / Representative ________________________:

As your constituent, I am outraged that the residents of the District of Columbia do not have voting representation in Congress, despite the fact that they pay federal income taxes, serve in the military and on federal juries. This is wrong, and contrary to everything our nation’s forefathers fought and died for over 225 years ago. I therefore urge you, in the strongest terms possible, to support granting statehood to the District of Columbia.

The residents of the District of Columbia – our nation’s capitol and to many the seat of democracy – are the only Americans who pay full federal income taxes yet are not allowed voting representation in either the U.S. House or the U.S. Senate. This is contrary to the basic tenets of the democracy upon which this nation was founded, and is, quite simply, morally wrong. As a result of their status, the more than 700,000 people, almost half of whom are African American, pay more in total federal taxes than 22 states, and it pay more per capita than any state in the nation yet do not have final say in how that money is spent.

By supporting legislation to provide statehood to the District of Columbia, and all of the rights contained in statehood to her residents, you will be letting those residents of the District of Columbia -- as well as your constituents back home – know that you support and believe in democracy for all Americans. I hope that you agree with me that this egregious error needs to be rectified, and that you will support statehood for the men, women and children in D.C. Please contact me as soon as possible to let me know what you are doing to expedite passage of this legislation and what I can do to help.

Sincerely,

(sign and print your name and remember to include your address)
